Annex 1. External Audit Recommendations – Implementation Update

2014-15 Action plan point	Issue & Recommendation	Management Update
Governance	<p>The GCRB has not yet been awarded fully-operational fundable body status by the SFC and is therefore not in a position to fully exercise its strategic management and coordination duties as set out under the Post-16 Education (Scotland) Act. Despite this, the GCRB has been operational during the course of 2014/15, supported by public funds. As required by paragraph 17 of part 1 of the Financial Memorandum with Fundable Bodies in the College Sector, the GCRB must comply with the principles of good governance set out within the Code of Good Governance for Scotland’s Colleges. The GCRB 2014/15 Accounts Direction, as issued by the SFC, further clarifies that the GCRB governance statement should adequately explain the GCRB’s unique governance arrangements in place during the period. In line with the principles of comply or explain, explanation should be provided in the event that the GCRB’s practices are not consistent with principles. The GCRB must clearly set out a timetable and action plan detailing how it will comply with the good governance requirements of the SFC in order to achieve fully-operational fundable body status as soon as practical. This action plan and timetable should be formally agreed with the SFC.</p>	<p>The SFC has confirmed formally to GCRB that it has made significant and effective progress in operating effectively as a Regional Strategic Body, and is fulfilling its statutory role to secure coherent provision of high quality further and higher education.</p> <p>The Executive Director provided a verbal update on the transition to fully-operational Fundable Body Status to the Board Meeting on 22 March 2017. The Strategic Plan, Strategic Memorandum and Risk Register are to be agreed by August and implemented within the new academic session.</p> <p>A further report will be provided to the next meeting of the Board on 22 May 2017.</p>

Absent contract documentation	<p>Observation from the audit work performed - we have identified three instances where we would have expected formal contracts / equivalent to have been in place between the GCRB and the bodies supplying the goods or services, yet they did not exist:</p> <ul style="list-style-type: none"> ▪ The GCRB's Executive Assistant is on secondment to the GCRB from Glasgow Clyde College. There is no documented secondment agreement in place to support this arrangement. ▪ The GCRB rented two office spaces within Glasgow Caledonian University during the 2014/15 period. There was a letter of agreement in place between the SFC and Glasgow Caledonian University regarding the larger of the office spaces, however no similar documentation could be provided in respect of the second room. We are satisfied that no further action is required by management with regard to this matter, as office accommodation is now provided free of charge by the City of Glasgow College. ▪ During 2014/15, there were no Service Level Agreements in place between the GCRB and the member colleges in respect of the administrative services being provided to the GCRB free of charge e.g. finance, HR, IT, accommodation etc. However we consider that management have already taken appropriate steps in rectifying the absence of such documentation: the agreement with Glasgow Clyde College has now been formalised and the agreements with City of Glasgow College and Glasgow Kelvin College are currently in draft form. <p>Recommendation:</p> <p>The GCRB should ensure that all such arrangements entered into are formally documented and approved, satisfying that there is a clear audit trail in place should any problems arise.</p>	<p>Reports on employment arrangements for GCRB staff were considered by the GCRB Nominations and Remuneration Committee at their meetings on 6 February 2017, 14 March 2017 and 2 May 2017. These reports have set out the options for the employment and secondment of staff. At the most recent meeting, the Committee agreed to discuss this matter further at its next meeting in August 2017.</p> <p>In the light of GCRB obtaining fully operational status, the provision of some of the services has materially changed. For example, the requirement for City of Glasgow College to provide financial services no longer exists as this resource exists internally within GCRB. The level of services provided by the assigned colleges is minimal and it is important that any agreement is appropriate.</p>

2015-16 Action plan point	Issue & Recommendation	Management Update
Long term financial strategy	Whilst it is recognised that funding allocations from the Scottish Government typically cover one to three-year spending review periods, the GCRB, along with its three assigned colleges, would benefit from developing a long-term financial strategy that includes a clear understanding of its costs, scenario planning, savings options and demonstrate how it will meet demand and deliver services. This matter should be considered by the GCRB once fully-operational fundable body status has been awarded.	This has been discussed at recent internal meetings with finance colleagues from the 3 Assigned Colleges. Work is also taking place involving Colleges Scotland and the Scottish Funding Council to reach a consensus on future long-term planning assumptions. The recent consultation paper on the Long-Term Activity Plan produced by the Scottish Funding Council also provides context to a longer planning horizon. This paper was considered by the Performance and Resources Committee on 2 May 2017.
Registers of Interest	While we observe that declarations of interest appear as a standing item at every Board meeting, it should be ensured that a formal register is maintained and updated on an annual basis.	The Register of Interest was checked and refreshed in January 2017 and will now be checked annually each August.
